

go to Coal Creek to aid the troops, but is meeting with little success.

but a fragmentary description is given by one of the residents of Oliver, who arrived at Harrimen to-day. He says the invading army of miners came to the

Jellico and Coal Creek and had marched across the mountains and through the valley during the night. They made no conceal-

2. moved forward, not as an "army with banners," but as men who had undertaken a desperate mission. They soon tra-

Warden Farris, did not mean to give up his charge without a struggle.

afterwards the mountain side rising with the troops, and the men were ordered back by the Winchester of the besieged.

Fully an hour from a little of silence, the Indians, who were in the fort, came out and there were no signs of movement. Then the firing ceased and the attacking party withdrew out of range of the stockade marksmen, and the leaders held a conference with the miners, and the miners' informers and renew the attack to-day.

It was not until midnight that the miners, the stockade and all the company property should be blown up with dynamite. That was the plan, but the miners, who were not yet known, but the exact number of the company was not known, and the plan was learned.

From a reliable source it is learned that only two or three men were hurt in the fight yesterday. They were J. A. Boss, a guard, and a miner, who was killed by a bullet in the head, which was turned by a silver half dollar. The miner was killed by a bullet in the head and the head is reported dead. The miners deny that any of their number was hit except the miner who was killed.

REPORTS AT NASHVILLE.

KNOXVILLE, Tenn., Aug. 17.—It is reported here that a desperate light fight between the troops and miners took place at Oliver Springs, the former retreating, and are now being driven to the town of Oliver Springs. Gov. Buchanan has ordered the sheriffs of Knox, Hamilton, Morgan and Anderson counties to march to the town of Oliver Springs at once to Oliver Springs to protect the property of the miners.

by the miners. Troops from Chattanooga are side tracked at Harrison, but will start for Oliver Springs as soon as possible.

—

TROOPS ORDERED OUT.

MEMPHIS, Tenn., Aug. 17.—All of the Memphis military companies have been ordered by the Governor to the East Tennessee mining district.

—

TWELVE REPORTED KILLED.

—

ACCOUNT OF THE CAPTURE OF THE STOCKAD

RECEIVED AT NASHVILLE.

NASHVILLE, Tenn., Aug. 17.—A dispatch from Chattanooga, Tenn., Aug. 17, says that

Seventeen hundred miners attacked the stockade. The troops there had been reinforced by the military company from Chattanooga and offered a stubborn resistance. According to the best information obtainable twelve men were killed among twenty wounded in the engagement. After an hour's fighting the military, being greatly outnumbered, surrendered. They were placed under guard, and with the convicts were marched toward Knoxville. Nothing was known of the men for day after day as the wires are cut and communication is unreliable.

solved to attack the stockade at that point and drive off the convicts and soldiers. The Knoxville companies of militia are stationed at Harriman and will await reinforcements before attempting to do anything. A report from Chattanooga says that 300 have offered as volunteers, and will go to Com-

The contents of the above dispatch lack confirmation and the announcement that twelve men were killed is contradicted by other telegrams received from the coal regions.

THE RETURNED CONVICTS.

STATE OFFICIALS AND PRISON LABOR LESSEES AT

NASHVILLE, Aug. 17.—There are indications this morning that the state will virtually surrender to the miners in the coal regions by cancelling the contracts with the lessees of convict labor.

There seems to be no question that the Tennessee Coal, Iron & Railroad Co. will not only make no demands upon the State authorities for the return of the convicts, but that they will, in effect, surrender them to the miners. The position this confirms the impression made by Cok Gaines, the general manager, who was quoted yesterday as personally opposed to their being taken back to the mines. "The position is not a new one in other words," that while the company is perfectly willing to go on with its contract and continue to employ convict labor, it is not in favor of the demoralized state of affairs that has come

"At that time that the extra session of the Legislature was convened my company offered to surrender the lease to a committee of the Legislature, who had called me before them.

"The company does not desire to embar-

pass the state or its officers. While it has been and is willing to carry out its contract if it is allowed to do so and is sustained and protected by the State in it, still the company has been and is willing to relieve the State and its officers of all embarrassment in the matter. The company is willing to surrender its lease contract and leave the state free to make such disposition of the convicts as the State

authorities may deem best. The company offered this to the last extra session of the General Assembly, but no action was taken upon it. This offer has stood open to the State authorities since that date and is now open to them. The company only asks that the law be enforced and the company be protected in the execution of the contract, or that it be canceled."

The convicts which have been returned to the penitentiary from Tracy City and Inman, the mining company takes the ground that, as they did not ask to have them sent to Nashville and as the convicts are of no benefit to the company while they are in the penitentiary, they are not responsible for the expense of their coming here. The company declined to pay for their transportation from Tracy City and Inman, and the state authorities granted the transportation with

The serious question of who is to feed these convicts has come up and there was some interesting correspondence between the Board of Inspectors and the lessees yesterday. The lessees have refused point blank to support them. The Penitentiary here is filled to overflowing, and the State finds itself facing a difficult problem.

Disaster—Thrilling Experiences of Passengers—Heroism Recognized.

side of the institution and took money for them, but made no charge. Other testimony which he had been taken. The inquest will be held to-morrow.
